Transform existing concrete walkways and commercial sidewalks into beautiful landscape masterpieces.

With DriBond and thin pavers, boring concrete walkways can be transformed into stunning architectural showpieces; an ideal solution for entryway sidewalks, garden paths and commercial walkways.

Beautiful walkways can transform your outdoor living area from a standard concrete path to a brilliantly designed outdoor hardscape showpiece. DRiBOND makes it easy to recondition existing concrete walkways and commercial sidewalks into beautiful hardscapes. Pavers are an ideal solution for entryway sidewalks, garden paths and most walkways around your property. Sidewalks and walkways can be easily matched to existing patio and/or driveway pavers to complete the design of your outdoors.
